Bluetooth Intercom

Bluetooth Intercom allows communication with the headset for **Bluetooth intercom** (not included).

Intercom Pairing

There are two methods of intercom pairing.

Using the Smart Intercom Pairing (SIP)

SIP allows you to automatically pair a Bluetooth intercom between two headsets. Update the product to the latest **SENA MOTORCYCLES App** prior to intercommunicating the two units' operations.

Using the Manual Intercom Pairing

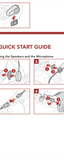

Refer to the **SENA MOTORCYCLES App** and see **[Classic Intercom Pairing Menu]**.

Make sure the two units are in pairing mode.

Press and hold the Volume Down button for 7 seconds until you hear "Intercom Pairing" and the LED indicator flashes red and blue alternately.

Note: The **Smart Intercom Pairing (SIP)** is not compatible with the intercom models that **Bluetooth 3.0** or **below**.

Using the Button

Note: Repeat the step above to pair with Intercom Friends.
